(Coauthor: Senator Wiggins)

January 22, 2009

An act to amend Section 25214.10.1 of, and to add Section 25214.10.3 to, the Health and Safety Code, relating to hazardous waste.

LEGISLATIVE COUNSEL'S DIGEST

AB 147, as amended, Saldana. Hazardous waste: electronic waste.

(1) Existing law requires the Department of Toxic Substances Control to adopt regulations to prohibit an electronic device from being sold or offered for sale in this state if the electronic device is prohibited from being sold or offered for sale in the European Union on and after its date of manufacture, due to the presence of certain heavy metals. Existing law requires these regulations to take effect January 1, 2007, or on or after the date that the Directive 2002/95/EC, adopted by the European Parliament and the Council of the European Union on January 27, 2003 (Directive 2002/95/EC), takes effect, whichever date is later. Existing law defines the term “electronic device,” for purposes of those provisions, to have the same meaning, with reference to the Electronic Waste Recycling Act of 2003, as “covered electronic device” which is defined as a video display device that is identified by the department,

pursuant to specified regulations, as a presumed hazardous waste when discarded.

A violation of the hazardous waste control laws, including a regulation adopted pursuant to those laws, is a crime.

This bill would require a manufacturer of an electronic device to prepare and, at the request of the department, submit to the department within 28 days of the date of the request, technical documentation or other information showing that the electronic device sold or offered for sale by that manufacturer is not prohibited from sale.

~~This bill would define the term “RoHS Directive” to mean that directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment, as defined, cited as Directive 2002/95/EC, as amended on or before January 1, 2010.~~

~~The bill would require a producer, as defined, to prepare and, at the request of the department, submit to the department, within 28 days of the date of the request, technical documentation or other information showing that electronic equipment sold or offered for sale by that producer is not prohibited from sale by the RoHS Directive, along with other specified information, or, under specified conditions, submit available information relating to the hazardous substance content and hazardous characteristics of the equipment. The department would be prohibited from imposing any requirements or conditions that are in addition to, or more stringent than, the requirements and conditions expressly authorized by the provision imposing this requirement.~~

The bill would require the department to treat as confidential any information that is a trade secret, as defined, that is provided to the department pursuant to the bill’s requirements, and that is identified as a trade secret at the time of submission, in the same manner as the procedures adopted by the department with regard to hazardous waste handling and disposal. The department would be required to make available, pursuant to the California Public Records Act, any information that is not a trade secret or that is not identified as a trade secret.

Because a violation of the bill’s requirements would be a crime, the bill would impose a state-mandated local program by creating a new crime.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 25214.10.1 of the Health and Safety Code
2 is amended to read:

6 in subdivision (u) of Section 42463 of the Public Resources Code,
7 with a screen size of greater than four inches.
8 (2) “Covered electronic device,” “manufacturer,” and “retailer”
9 have the same meaning as those terms are defined in Section 42463
10 of the Public Resources Code.
11 (3) “Trade secret” has the same meaning as defined in Section
12 25173.

18 by the department shall send a notice in accordance with the
19 schedule specified in subparagraph (A) or (B), as applicable, of
20 paragraph (3), to any retailer that sells that electronic device
21 manufactured by the manufacturer. The notice shall identify the
22 electronic device, and shall inform the retailer that the electronic
23 device is a covered electronic device and is subject to a fee in
24 accordance with subdivision (d).
25 (2) A manufacturer subject to this subdivision shall also send
26 a copy of the notice to the State Board of Equalization.
27 (3) The notice required by this subdivision shall be sent in
28 accordance with the following schedule:
29 (A) On or before October 1, 2004, the manufacturer shall send
30 a notice covering any electronic device manufactured by that
31 manufacturer that is identified in the regulations adopted by the
32 department on or before July 1, 2004, that identify the electronic

5 to subdivision (b) on or before December 31 of the prior year.

6 (4) If a retailer sells a refurbished covered electronic device,
7 the manufacturer is required to comply with the notice requirement
8 of this subdivision only if the manufacturer directly supplies the
9 refurbished covered electronic device to the retailer.

10 (d) (1) Except as provided in subdivision (e), a covered
11 electronic device that is identified in the regulations adopted, on
12 or before July 1, 2004, by the department, that identify electronic
13 devices that the department determines are presumed to be, when
14 discarded, a hazardous waste pursuant to this chapter shall, on and
15 after January 1, 2005, be subject to Chapter 8.5 (commencing with
16 Section 42460) of Part 3 of Division 30 of the Public Resources
17 Code, including the fee imposed pursuant to Section 42464 of the
18 Public Resources Code.

19 (2) Except as provided in subdivision (e), a covered electronic
20 device identified in the regulations adopted by the department,
21 pursuant to subdivision (b), shall, on and after July 1 of the year
22 subsequent to the year in which the covered electronic device is
23 first identified in the regulations, be subject to Chapter 8.5
24 (commencing with Section 42460) of Part 3 of Division 30 of the
25 Public Resources Code, including the fee imposed pursuant to
26 Section 42464 of the Public Resources Code.

27 (e) (1) If the manufacturer of an electronic device that is
28 identified in the regulations adopted by the department pursuant
29 to subdivision (b) obtains the concurrence of the department that
30 an electronic device, when discarded, would not be a hazardous
31 waste, in accordance with procedures set forth in Section
32 66260.200 of Title 22 of the California Code of Regulations, the
33 electronic device shall cease to be a covered electronic device and
34 shall cease to be subject to subdivisions (c) and (d) on the first day
35 of the quarter that begins not less than 30 days after the date that
36 the department provides the manufacturer with a written
37 nonhazardous concurrence for the electronic device pursuant to
38 this subdivision. A manufacturer shall notify each retailer, to which
39 that manufacturer has sold a covered electronic device, that the
40 device has been determined pursuant to this subdivision to be

1 nonhazardous and is no longer subject to a covered electronic
2 recycling fee.

3 (2) No later than 10 days after the date that the department issues
4 a written nonhazardous concurrence to the manufacturer, the
5 department shall do both of the following:

6 (A) Post on the department's Internet Web site a copy of the
7 nonhazardous concurrence, including, but not limited to, an
8 identification and description of the electronic device to which the
9 concurrence applies.

10 (B) Send a copy of the nonhazardous concurrence, including,
11 but not limited to, an identification and description of the electronic
12 device to which the concurrence applies, to the California
13 Integrated Waste Management Board and the State Board of
14 Equalization.

15 (f) (1) A manufacturer shall prepare and, at the request of the
16 department, submit to the department within 28 days of the date
17 of the request, technical documentation or other information
18 showing that the electronic device sold or offered for sale by that
19 manufacturer is not prohibited from sale pursuant to Section
20 25214.10 along with other available information relating to
21 hazardous characteristics of the device.

22 (2) The department shall treat as confidential any information
23 provided pursuant to this section that is a trade secret and that is
24 identified as a trade secret at the time of submission by a
25 manufacturer, in the same manner as the procedures adopted by
26 the department pursuant to Section 25173 with regard to hazardous
27 waste handling and disposal. Any information that is not a trade
28 secret, or that is not identified by the manufacturer as a trade secret,
29 shall be made available to the public upon request pursuant to the
30 California Public Records Act (Chapter 3.5 (commencing with
31 Section 6250) of Division 7 of Title 1 of the Government Code).

32 (g) Notwithstanding Section 42474 of the Public Resources
33 Code, a fine or penalty shall not be assessed on a retailer who
34 unknowingly sells, or offers for sale, in this state a covered
35 electronic device for which the covered electronic waste recycling
36 fee has not been collected or paid, if the failure to collect the fee
37 was due to the failure of the State Board of Equalization to inform
38 the retailer that the electronic device was subject to the fee.
